### [Hams are saving Puerto Rico one transmission at a time](#)

Ham operators work shoulder to shoulder with public safety and utility officials to transmit information to other ham operators working with teams in the field.

[CNN](#)

### [Getting started on the new LF and MF bands](#)

If you are thinking of getting on either of these new bands, particularly 630m, here is a short Q & A that may help you through the initial planning stage of how to get started.

[VE7SL](#)

### [Revised ARRL Frequency Chart available](#)

The PDF chart has been updated to include our new bands at 2,200 and 630 meters.

[ARRL](#)

### [FalconSAT-3 now open for amateur radio use](#)

The Air Force Academy satellite FalconSAT-3 is now open for amateur radio use as a digital store-and-forward system.

[AMSAT UK](#)

### [North Korea 'aggressively' jamming BBC's radio service](#)

Loud noise is deliberately broadcast over a foreign station to make it difficult or impossible to listen to.

[The Telegraph](#)

### [BITX40 QRP Transceiver overview](#)

I made a few changes. I had a couple of 6mm shaft knobs that I wanted to use that did not fit the potentiometers that were supplied. I also wanted to implement a couple of the simplest and most useful mods.

[High on Solder](#)

### [Retrotechtacular: An oceanographic data station buoy for the 1960s](#)

The film details the development through the early 1960s of one of the first automated remote

ocean sensor buoys.

[Hack A Day](#)

### **[View from above \(antenna sunset photos\)](#)**

As every amateur shutterbug has learned, it's nigh on impossible to capture the true beauty of the setting sun. That is, unless of course you're a ham radio antenna perched at the summit of a lofty tower, high in the heavens.
